The Enriched Housing Program is situated on the 1st floor of Pounder Hall. This program provides 24 hour Personal Care Aides under the supervision of a licensed Personal Care Nurse for those who require some additional assistance with their daily activities.

We are situated in a country atmosphere, midway between the cities of Utica and Rome. Both cities offer some very exceptional shopping and all the entertainment and dining (for those special occasions) that you could ever desire.

Our amenities include a sun deck and library for quiet moments and a lounge on each floor for comfortable social gatherings. Ample parking for your personal vehicle and for those who come to visit is available. A Pounder Hall van is available for those occasions when extra transportation is required.

There are local buses, as well as taxi service, available. For those long jaunts, a short drive to the Union Station (railroad) provides Amtrack service to Utica. Transportation is also available to Syracuse Airport.

Pounder Hall has all the factors for true independence with the addition of a caring, personal staff. If "Independent Living" or "Enriched Housing" has an inviting sound to you, think also of "Freedom" and "Comfort"...then let us know when you would like to stop by for a visit.
